

# Marqii Onboarding Instructions for new GoTab Accounts

During the Marqii onboarding process of a new client associated with GoTab, the customer will need to grant Marqii's API credentials permission.

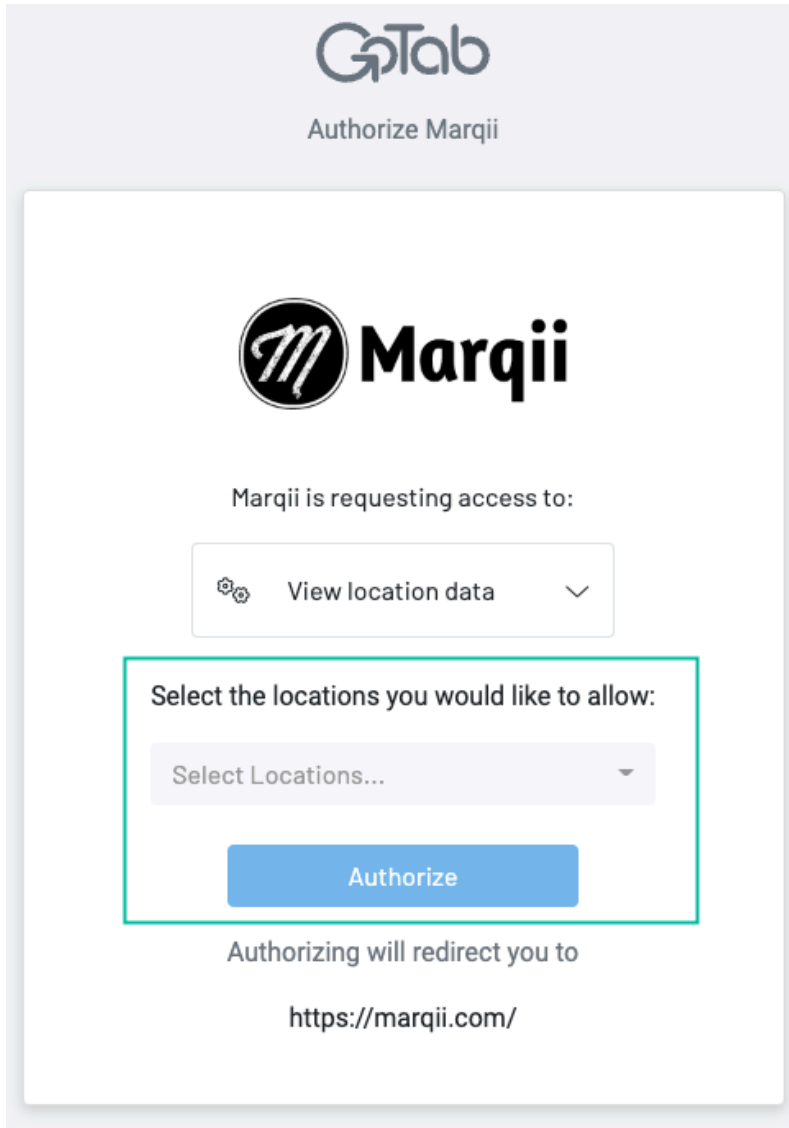

## Step One - Display the Authorization Access Page

- Marqii support will provide the [URL](#) to the customer and request they complete the authorization.  
[https://gotab.io/manager/oauth?access\\_id=Q56~qO~rMouRKhF74Qg9x~Zu&redirect\\_url=https://marqii.com/](https://gotab.io/manager/oauth?access_id=Q56~qO~rMouRKhF74Qg9x~Zu&redirect_url=https://marqii.com/)
- If the GoTab user is not currently logged into their GoTab account the following window will appear.
  - **NOTE:** The GoTab user MUST have MANAGER permissions to grant Marqii API access.

The image shows a screenshot of the GoTab onboarding interface. At the top, the GoTab logo is displayed. Below it, the heading "Enter your contact information" is centered. Underneath, there is a "Phone Number" section with a dropdown menu showing a US flag and the text "e.g. (201) 555-0123". Below the phone number field is a reCAPTCHA widget with the text "I'm not a robot" and a "reCAPTCHA Privacy - Terms" link. At the bottom of the form is a large grey "Continue" button.

- Once the GoTab user is logged in, the authorization page will appear (see image below).
- The user will have the option to review the permissions being granted to Marqii and select each GoTab location they have manager permissions to.
  - The GoTab user should **ONLY** select each location they intend to use Marqii with.

## Step Two - Share the locationUuid/s with Marqii support

- After the GoTab user selects AUTHORIZE they will be redirected to <https://marqii.com/>
- **IMPORTANT:** The user can copy the entire URL or separately parse the locationUuid/s appended to the URL.
  - The locationUuid/s need to be shared with Marqii support so each Marqii account can be connected / mapped to the proper GoTab location.
  - Example redirect URLs with locationUuid/s are below:
  - Single location access - <https://marqii.com/?locations=locationUuid>
    - [https://your\\_redirect\\_url/?locations=R4id9384857sjx](https://your_redirect_url/?locations=R4id9384857sjx)
  - Multi location access - <https://marqii.com/?locations=locationUuid%2ClocationUuid>
    - [https://your\\_redirect\\_url/?locations=R4id9384857sjx%2C6\\_56fvIRT6V](https://your_redirect_url/?locations=R4id9384857sjx%2C6_56fvIRT6V)
